

Instant Gout Pain relief With Baking Soda

Looking for instant **gout** pain relief? Then you've come to the right place. Here, you'll discover how baking soda can bring almost immediate relief from gout pain without the need for drugs with their well-known side effects.

Baking soda can bring you more or less instant gout pain relief. And who might have suspected that a thing that many of us have lying in a kitchen cupboard could be such a potent weapon within the fight to get fast gout pain relief?

Not only can it behave alone as an effective natural remedy for gout, yet, baking soda can also help the effectiveness of the non-steroidal anti-inflammatory drugs (NSAIDs) that you doctor usually prescribes to relieve the pain of your **gout symptoms**.

But also without drugs you may get almost instant, certainly fast, gout remedy using cooking soda (bicarbonate of soda) because of its several benefits such as:-

An increase in body fluids that assist your kidneys to flush **uric acid** out of your system improved **uric acid** solubility for easier excretion from the body dissolution of uric acid deposits in lessening the pain.

You Need to Include Half of a Tsp

Of baking soda pop in order to 8 oz of water in a large cup. Drink a glass immediately before going to bed, and, first thing on waking up. Drink a further glass every 2 to 4 hours between meals. If need be, follow this routine daily until your symptoms vanish.

Be careful not to take more than 4 teaspoons of baking soda in any 24 hour period. And also, because baking soda is very high in salt you need to go on to a very low sodium diet, or most of all, cut-out salt from your diet altogether.

- Also, if you suffer from high blood pressure -- hypertension -- talk to your doctor before using this remedy.
- It is a good idea to talk to your doctor about this treatment in any case.
- Many gout sufferers have seen very fast gout pain relief with this method.
- But, there are a number of other things you have to think about with regards to getting rid of your gout.
- As an example, your weight, diet, lifestyle, family history, etc.
- And if you continue to suffer frequently recurring gout, there is a danger of permanent joint damage and kidney problems over time.
- Plus, of course, once having suffered a gout attack, you're now much more likely to be able to have more.
